Sir:

Applicants submit herewith patents, publications or other information of which they are aware which may be material to the examination of this application and in respect of which there may be a duty to disclose in accordance with 37 C.F.R. 1.56. While information provided in this Information Disclosure Statement may be "material" pursuant to 37 C.F.R. 1.56, the Information Disclosure Statement is not intended to constitute an admission that any patent, publication or other information referred to herein is "prior art" for this invention unless specifically designated as such. In accordance with 37 C.F.R. 1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information exists, as defined in 37 C.F.R. 1.56.

A list of the patents and/or publications is set forth on the attached Form PTO-1449, and a copy of each of the items is supplied herewith.

This Information Disclosure Statement is not being submitted within three months of the filing date of the national application, but it is being filed before receipt of a First Office Action. Therefore, we believe no fee is due. If any additional fee might be required in connection with this matter, please charge our Deposit Account No. 23-0785.

Respectfully submitted,

WOOD, PHILLIPS, KATZ, CLARK & MORTIMER
